Welcome Grests!

Welcome to the 17th annual NorthEast Foundation Cruise Benefit, *SPALN*! We are pleased to represent the Cruise Committee, a fantastic group of volunteers who are passionate about CMC - NorthEast. On their behalf, thank you for "coming aboard" this evening.

2011 Cruise Co-Chairs

Dean Wike

Gampaign

Proceeds from this benefit support NorthEast Foundation's new \$3.2 million Tucker Hospice House Expansion Campaign. This 3-year initiative, which began in January 2011, is raising funds to add over 9,100 square feet to the existing Bob and Carolyn Tucker Hospice House. The additional footage doubles the number of patient rooms from 12 to 24, meaning twice as many end-of-life patients and their families will receive compassionate and dedicated care. A new parlor, chapel, and staff quarters will be part of the expansion too!

Spain

For the 17th consecutive year, leaders within our community and medical center have provided the overwhelming generosity to produce this purpose-driven and fun-filled event. Thanks to all who are attending, and a special "thank you" to our sponsors! Our warmest and heartfelt regards go to the hundreds of volunteers who donated their valuable time, talents, and services. Carolinas Medical Center – NorthEast continues to be one of our community's most valued assets. It is truly worthy of the charitable support provided by those gathered for this exciting evening!

We hope you enjoy SPAIN!

Entertainment

The Atlanta Party Band is a dynamic band whose music features all the decades from the swing era to today's hottest hits, with a special emphasis on the great party music of Motown, the seventies and eighties party rock.

Someonethy Campaign

From 2011 through 2013 NorthEast Foundation will lead a new \$3.2 million community campaign to add a third phase to the existing Bob and Carolyn Tucker Hospice House. Currently, the House has six residential care rooms and six general inpatient rooms, serving over 40 patients a month. Residential care rooms are for patients whose life expectancy is measured in days or weeks

rather than years. General inpatient rooms are used for patients in need of evaluation and treatment of symptoms that are difficult to control. Extensive medical and nursing care is provided to these patients.

The campaign will provide funding to build four more residential care rooms and eight more general inpatient rooms, doubling the current number of patient rooms from 12 to 24. That means twice as many patients resting in comfort and dignity during their end-of-life journey and twice as many families whose hearts are eased because professional physical and emotional support will be provided to their loved one. The new space will also house a larger parlor and chapel, and a new staff station and quarters. But this expansion will not be possible without community support.

Hospice and Palliative Care of Cabarrus County is a wholly-owned subsidiary of CMC-NorthEast. To learn more about how you can participate in the campaign, contact NorthEast Foundation at 704-403-1369 or visit us online at www.GiveNorthEastFoundation.org.

Campaign Goal: \$3.2 Million
