Carolinas Medical Center

Emergency Department

There are four treatment areas (55 beds total) within our emergency department:

* **Major Treatment** – High acuity medical and trauma patients, 18 beds, open 24/7.
* **Diagnostics** – Medium acuity, 15 beds, open 24/7.
* **Ambulatory Emergency Center** – Lower acuity medical and ob-gyn, lacerations, abscesses, sprains, strains, simple fractures, 10 beds, open 9a-1a.
* **Children’s Emergency Department** – Patients under 18 that do not meet requirements for a trauma code activation, 12 beds, open 24/7.
**Physician Coverage**

**Major Treatment:**  Single attending 24/7; double attending coverage from 11am-11pm.  
PGY3 from 7a-7a; PGY2 from 9a-5a; PGY1 from 1p-11p tiered learning and teaching

**Diagnostics:**  Single attending 24/7, PGY 2/3 from 9a-5a, ACP from 7a-3a, PGY1 from 1a-7a

**AEC:**  Single attending during all hours of operation  
PGY1 11a-9p, 3p-1a, 9p-1a, PGY3 teaching shift 5p-1a weekdays

**Children’s ED:**  Single attending coverage 24 hours per day  
PGY1: 9a-7p, 7p-5a, PGY2/3 or Peds PGY2/3: 7a-7a, ACP 11a-9p

**Observation unit:**  Evaluation of suspected ACS, TIA, overnight stays, staffed by ACP 24 x 7

---

**Ancillary Equipment:**

Radiology: 24/7 in-house interventional radiology, C-arm fluoroscopy in ED, bedside US (5 machines)  
Point of Care Testing: electrolytes, troponin, hemoglobin, cardiac BNP, d-dimer, INR, lactate  
Electronic Medical Record, Cerner FirstNet (patient tracking), PowerChart (EMR), computerized physician order entry,  
100% electronic documentation via PowerNotes and Dragon voice recognition software.

---

**Ancillary Support:**  Interpreters, Techs, Respiratory Therapists, MSW, Patient Rep, Child Life, Unit Secretaries

---

**Figure 1:** Cerner FirstNet Patient Tracking Board

**Figure 2:** 90% Page created by CMC emergency physician, incorporated by Cerner
Scribes present in Major and Diagnostics, available to residents after 3rd ED month.
Carolinhas Healthcare System

Seventh largest non-profit healthcare system in the country (based on number of hospitals in the system)

Owns, leases and manages 35 hospitals in North and South Carolina, 24 urgent care centers, nursing homes, physician practices, home health agencies, radiation therapy facilities, physical therapy facilities, managed care companies and other healthcare related operations, comprising more than 7,460 licensed beds and approximately 60,000 employees.

CMC-Main

Flagship hospital of the system with an annual budget of over $2.4 billion

874-bed (including 234 LCH), community-based teaching hospital, Level 1 trauma center

8 ICU's: coronary, medical, surgical, trauma, neurosurgical, cardiovascular, pediatrics, and newborn

The Children's Emergency Department was a cornerstone to the launching of the 234-bed Levine Children's Hospital which was completed in October 2007. It is the first ED in the region open 24 hours a day and dedicated to the care of children in a family-centered environment.  www.levinechildrenshospital.org

High Patient Volume

~115,000 annually or ~315/day   (85,000 Adult and 30,000 Pediatric)

High Patient Acuity

27% are admitted, ~1/4 of these go to an ICU

• 70% from Major Treatment   • 22% from Diagnostics   • 8% from Children’s ED

Unusually Diverse Payor Mix

Annual Trauma Registry

4600 trauma code activations (89% blunt, 9% penetrating, 2% burns / hangings / drownings. Sixth highest trauma volume amongst level one trauma centers in the US.
CMC EM faculty member Dr. Doug Swanson serves as the Medical Director for EMS in Mecklenburg County: Ground services provided by Mecklenburg EMS Agency (MEDIC) ~ 128,772 responses; 101,101 patients transported for fiscal year ending June 2016

- Aeromedical services provided by MedCenter Air

The Center for Prehospital Medicine is a Division of the Department of Emergency Medicine, and serves as a regional center for prehospital medical oversight, paramedic/prehospital education, disaster and preparedness planning, mass gathering medical support, and other EMS-related activities.

CMC provides on-line medical control for Medic and MedCenter Air ground and flight services.

- **PGY1**: orientation, meet the providers, optional rides with Medic
- **PGY2**: dedicated EMS month includes on-line and direct medical control, shifts with MEDIC and MedCenter Air (voluntary), coverage at Bank of America Stadium (Carolina Panthers), Lowe's Motor Speedway (NASCAR), interaction with Charlotte Fire Department, EMS Dispatch, Operations Supervisors, EMS Fellow, and Medical Director, teaching opportunity for education courses at EMT and paramedic levels, including experience working with in a high-fidelity medical simulation and human gross anatomy labs
- **PGY3**: elective rotation can include experience with Carolinas MED-1 (as available), ride-along with MCA, on scene medical control, MedCenter Air as the second crew member

**MedCenter Air Ground & Air Transport**

- 4 rotor wing aircraft, EC135 helicopters (March 2010) provide latest in medical and aviation technology (collision avoidance, satellite tracking, environmental control, NVG’s)
- 3 fixed wing aircraft (equipped with all current and proposed State / Federal safety recommendations)
- Multiple critical care ground trucks positioned throughout the region

**Carolinas Med-1** - [http://www.carolinasmed-1.org/](http://www.carolinasmed-1.org/)

- Two 53 foot tractor trailers, one for patient care and one for support and storage
- Nearly 1,000 square feet of indoor treatment space, deployable tent system adds 250 additional beds
- Six critical care beds, seven general treatment beds, one dental/ENT chair
- Full pharmacy, point of care labs, radiology, ultrasound, environment HEPA filtered to 0.3 microns
- Mobile Level 1 trauma center capabilities, telemedicine uplinks
Education

PGY 1-2-3 program with 14 residents per year.

PGY 1  
**Curriculum**  
1 month ED orientation  
4 months ED  
1 month Orthopedics  
1 month MICU  
1 month Peds  
1 month Acute Care Surgery  
1 month OB/Gyn  
1 month Cardiology  
1 month US/Anesthesia  

**Responsibilities**  
20-21 10 hour shifts  
ED consults only  
5 nights (9p – 9a/month)  
6 nights per month  
9-10 nights/month (7p-9a)  
5-7 night shifts per month  
No call  
No call

PGY 2  
**Curriculum**  
6 months in ED  
1 month Peds EM  
1 month CCU  
1 month MICU  
1 month TICU  
1 month Toxicology  
1 month EMS  

**Responsibilities**  
19-20 10H shifts  
16 8H shifts  
No night calls. Leave everyday by 8-9pm.  
Every 3-4th night call  
Every 3-4th night call  
15 home call nights, tox presentation  
WS*, no call

PGY 3  
**Curriculum**  
8 months in ED  
1 month PICU  

**Responsibilities**  
Weekdays: alternating Long call (6a-7p);  
Short call (6a-1p)  
- 10x night shifts the entire month (7p-9a)  
- 2 full weekends off  
International, US, Critical Care, Med Student Teaching, Research,  
Radiology, Forensics, Administration, Infectious Disease,  
Simulation Medicine, Cardiology, Community EM (*WS, no call)

WS* = weekend shifts in the ED (one Saturday and Sunday)

ACLS, PALS and ATLS are offered during hospital wide intern orientation as well as other times throughout the year.

Resident Requirements

* Submit one manuscript of publishable quality before graduation.  
* Take the yearly in-service exam in February.  
* Take USMLE part III during their intern year.  
* Complete an exit interview with the Program Director before graduation.
**Educational Block Conferences**

Through the utilization of a block format, 4 hours of educational conferences will provide optimal resident learning experience that will reinforce clinical education, encourage life-long-learning, accentuate residents as educators, and assist residents in becoming masterful emergency medicine physicians. These educational conferences will be patient centered, interactive, and innovative while steering away from traditional didactics and toward enlightened academic conversations.

**General Topics**
- Core Content covered in varied and interactive ways
- M&M weekly
- Toxicology conference monthly
- Peds - EM conferences 2/month
- Orthopedic conferences given by Ortho Chiefs

**Dedicated Symposia**
- Airway - twice yearly
- Wound Care
- ECG
- How to Find a Job
- Risk Management
- Written Board Review
- Oral Board Review

**Simulation Education**

(The only facility in the region to be both an American College of Surgeons accredited Level I Education Institute and a Society for Simulation in Healthcare accredited simulation center.)
**Resident Learning Portal**

*Carolinas Electronic Compendium* ([www.cmcedmasters.com](http://www.cmcedmasters.com)) provides high-yield full text educational materials organized by rotation month, and a centralized location for block schedules, shift schedules, schedule requests, journal club articles, patient care protocols such as Code Stroke, Code Sepsis, Code Cool criteria. Resident-run blogs on Orthopedics, Cardiology, Toxicology and Pediatric Emergency Medicine, allow all to benefit from educational pearls encountered as residents rotate on these services.

![Resident Learning Portal Image](image)

**Journal Club**

Monthly at faculty member’s home, designed to identify an evidence based answer to a clinical vignette, 2-3 articles focusing on landmark EM papers.
Fellowship Programs

- Research: Michael Runyon, MD
- Toxicology: Christine Murphy, MD
- EMS: Douglas Swanson, MD
- Ultrasound: Tony Weekes, MD
- Pediatric EM: Stacy Reynolds, MD
- Disaster Preparedness / Operational Medicine: Dave Callaway, MD

Graduate Statistics

The residency program began in 1976. As of June 30, 2015 CMC has graduated 360 emergency physicians. Of these 97 are in academic practice (~27%), and 263 are in private practice (~73%).

Over the past 5 years, approximately 26% academic practice; 74% private practice.

ABEM Performance (past 5 years)

Written: 98.5% pass rate vs. 91% nationally
Oral: 98.3% pass rate vs. 96% nationally

Faculty (See separate biographical section)

All are board certified in Emergency Medicine, 14 are dual boarded (Pediatric EM/EM; CCM/EM; Tox/EM) and 1 is triple boarded (Pediatrics/Pediatric EM/EM).

36 Emergency Medicine residency-trained including 3 EM/Pediatric EM trained:

- 13 Carolinas Medical Center – Allen, Antoniazzi, Bullard, Craig, Hawkins, Heffner, Noste, Runyon, Salzman, Swanson, Tayal, Wares, West
- 1 East Carolina – Scarboro
- 1 Denver Health Med Center – Pearson
- 1 Columbia University – Colucciello
- 1 Henry Ford Hospital – Asimos
- 1 George Washington – Georgetown University - Pelucio
- 1 Indianapolis – MacNeill
- 1 Penn State - Kerns
- 1 North Shore – Beuhler
- 1 Jacobi Medical Center -Weekes
- 1 Maryland - Fox
- 2 Pittsburgh – Gibbs, Reynolds
- 1 Beth Israel – Callaway
- 1 MUSC – Lewis
- 1 Baystate Med Center/Tufts – Patel
- 2 Virginia Commonwealth – Christine Murphy, Geoff Murphy
- 1 Emory – Griggs
- 1 Washington St. Louis - Puchalski
- 1 Cincinnati – Vander Have
- 1 Einstein Philadelphia - Kopec
- 1 Texas A&M – Dragoo
- 1 Mt. Sinai – Dalton-Cox
“Can I get into academics if I go to a 3 year program?”

- Jeff VanderMark – 1992, Associate Professor, EM, UT Southwestern
- Jeff Kline – 1993, Vice Chair of Research Department of EM, Professor, Department of Cellular and Integrative Physiology Indiana University School of Medicine, past President, SAEM
- Brendan Furlong – 1995, Chair at Georgetown
- Mike Harrigan – 1996, Assistant Professor EM, UNC-Chapel Hill
- Joel Moll – 1997, Program Director, VCU
- Dave Caro – 1997, Program Director, University of Florida at Jacksonville
- Joanna Oakes – 1999, Associate Professor of EM, U Texas Houston
- Andy Perron – 1999, Program Director, Maine Medical Center
- Manish Patel, MD, MSc – 1999, Assistant Professor of EM, Univ Arkansas
- Rawle ‘Tony’ Seupaul – 2000, Chairman and Professor of EM, Univ Arkansas
- Christopher Moore – 2001, Associate Professor of EM; Director, Section of Emergency Ultrasound; Director, Emergency Ultrasound Fellowship
- D. Mark Courtney – 2001, Assistant Professor, Department of EM, Northwestern University, Feinberg School of Medicine
- Alan Jones – 2002, Chairman, University of Mississippi, President, SAEM
- Steven Arze – 2003, EM Chair, CMO, VP Medical Affairs, Baylor Medical Center at Garland TX
- Alice Mitchell – 2004, Associate Professor of Research, Indiana University
- Bret Nicks – 2004, Associate Dean, Office of Global Health, Associate Professor, EM, Wake Forest Med
- Mike Fitch – 2004, Associate Professor, EM, Wake Forest
- Matt Neulander – 2004, Assistant Professor, University of Connecticut
- Jen Hannum – 2005, Assistant Professor, EM, Wake Forest
- Jim Fiechtl – 2005, Associate Professor of EM, Vanderbilt University
- Manoj Pariyadath – 2005, Assistant Professor, EM, Wake Forest
- Gregory Sneed – 2006, Ultrasound Director University of Arkansas
- Ross ‘Marty’ Vander Noot – 2008, Assistant Professor of EM, Director International EM Fellowship University of Alabama – Birmingham
- Danielle Turner-Lawrence – 2008, Associate Professor, Oakland University-William Beaumont School of Medicine
- Michael Marchick – 2008, Assistant Professor of EM, Assistant Clerkship Director
- Harland Hayes – 2009, Associate Professor, EM, University of Utah
- Malika Fair – 2009, Assistant Clinical Professor of EM, George Washington University
- Anne Daul – 2009, Assistant Professor of EM, Emory University
- Bijal Shah – 2009, Assistant Professor of EM, Emory University
- Katherine Mayer – 2009, Critical care fellowship position, Cooper Hospital, Camden, NJ
- Elizabeth Rosenman – 2010, faculty member, Harborview Medical Center, Seattle WA
- Michael Puskarich – 2010, Assistant Professor, Associate Research Director Mississippi University
- Shiloh Gilbert – 2010, Associate Professor, EM, University of Utah
- Dustin Callhoun – 2011, Assistant Professor of EM, University of Cincinnati
- Brittany Murray – 2012, Pediatric Emergency Fellow Children’s Hospital Boston, MA
- Daren Beam – 2012, Research Fellowship Indiana University Department of EM Indianapolis, IN
- Angela Fusaro – 2012, Assistant Professor of EM, Emory University
- Dazhe James Cao – 2013, Medical Toxicology Fellowship, Rocky Mountain Poison and Drug Center Denver, CO
- Erin Noste – 2013, EMS Fellowship CMC
- Katharine Modisett – 2014, Critical Care Fellowship Georgetown, DC
- Peter McCahill – 2014, Operational and Disaster Medicine Fellowship CMC
- Jonathan Bronner – 2014, Assistant Program Director at University of Kentucky
- Revathi Jyothindran – 2015, Administrative Fellow at Baylor Medical Center, Dallas TX
- Lacey King – 2015, Pediatric Emergency Medicine Fellow at Harbor UCLA, CA
- Nicholas Sawyer – 2016, faculty member UC Davis, CA

CMC grads are now research directors at Northwestern (Courtney), University of Mississippi (Puskarich), University of Florida (Marchick), Indiana (Kline), and CMC. EM chairs at Mississippi (Jones) and Arkansas (Seupaul)
Research and Scholarly Activity

Physical Plant:

**Cannon Research Center**
60,000 square ft. facility for small and large animal investigations
Close proximity to ED facilitates processing of clinical lab samples

Departmental Personnel:
4 full-time research coordinators
3 full-time research interns
1 full-time research nurse
Undergraduate research associate program

Research Summary

The Mission of the division of Emergency Medicine Research at Carolinas Medical Center is “to research ways to diagnose and treat life threatening illnesses.” As a result, the scope of interests ranges from social science to cell physiology. Clinicians in the department tend to research disease entities or organ systems relevant to acute care.

Areas of Interest

Michael Runyon, MD – Diagnosis and management of sepsis as well as utilization of diagnostic imaging and diagnosis and treatment of emergency conditions in resource-limited settings
Dave Pearson, MD – Cardiac arrest and post-cardiac arrest syndrome focused on the peri-arrest period
Alan Heffner, MD – Emergency airway management, sepsis, shock, cardiac arrest and therapeutic cooling
Mike Gibbs, MD – Airway management, trauma, medical errors
Andrew Asimos, MD – Stroke, seizures, and other neurological emergencies
Stacy Reynolds, MD – Diagnostic imaging of trauma patients
Emily MacNeill, MD – Pediatric Trauma
Tony Weekes, MD – Echocardiography, pulmonary embolism, emergency ultrasound
Chad Scarboro, MD – Pediatric head injury and diagnostic imaging
Mark Bullard, MD – Medical simulation
Christine Murphy, MD – Alternative therapies for calcium channel blocker toxicity, current trends in recreational drug abuse
Doug Swanson, MD – Prehospital care
Erin Noste, MD – Disaster medicine, EMS and global emergency medicine
Russ Kerns, MD – Cardiovascular toxins, snake envenomation and antidotal therapy
Vivek Tayal, MD – Ultrasound, Airway, Health Policy
Margaret Lewis, MD – Ultrasound education and applications
David Callaway, MD – Trauma, disaster medicine, tactical medicine
Kathryn Kopec, DO – Drugs of abuse, envenomation, global toxicology
Chris Griggs, MD – Opioid abuse, pain management in the ED, health policy
Cathy Wares, MD: Neuroprognostication in post-cardiac arrest and simulation education
CMC at SAEM 2017 - Schedule

Wednesday, May 17

1:52 PM – 2:04 PM, abstract #29 - Biomarkers vs. Combined Biomarkers and Echocardiography for Prognosis of Adverse Outcomes Within 5 Days of Pulmonary Embolism (Carly Cox). Location: Celebration 9 & 10: Convention Level.

4:27 PM – 4:35 PM, abstract #158 - Assessment of the Predictive Utility of the 2015 American College of Cardiology Algorithm to Identify Patients That Are Less Likely to Benefit from Coronary Intervention Due to Poor Neurological Outcome (Mohamed El-Kara). Location: Celebration 12: Convention Level.

Thursday, May 18

8:58 AM - 9:05 AM, e-Poster #586 - Prioritized Intervention and Task-focused Cardiac Resuscitation with Emphasis on Workflow and Teamwork in the Emergency Department: The Pit Crew Team Study (Blake Johnson). Location: Celebration 1 & 2: Convention Level.

9:50 AM – 10:00 AM, abstract #807 - Sleep-wake Patterns of Emergency Medicine Residents: A Prospective Cohort Study (Michael Mollo). Location: Plaza International Ballroom F: Convention Level.

1:27 PM – 1:35 PM, abstract #272 - Is Emergent Head Computerized Tomography and Chest Computerized Tomography Useful for Diagnosis in Post-cardiac Arrest Patients? (Andrew Puciaty). Location: Celebration 15: Convention Level.

4:36 PM – 4:44 PM, abstract #351 - The PLUMBER (Prevalence of Large Vessel Occlusion Stroke in Mecklenburg County Emergency Response) Study (Adeline Dozois). Location: Celebration 16: Convention Level.
Friday, May 19

8:00 AM – 8:08 AM, abstract #371 - Hospital Outcomes for Injured Patients Presenting to an Urban Emergency Department at a Tertiary Hospital in East Africa (Juma Mfinanga). Location: Celebration 14: Convention Level.

1:09 PM – 1:17 PM, abstract #486 - Qualitative Assessment of Face Validity and Cross-cultural Acceptability of the Faces Pain Scale—Revised in Cameroon (JR Young). Location: Celebration 12: Convention Level.
