Preparation Instructions:
Upper Endoscopy (EGD)
Esophagogastroduodenoscopy

Preparation Instructions:

You are scheduled for an upper endoscopy, also known as an esophagogastroduodenoscopy. This procedure is an examination of the inside of your esophagus, stomach and first part of the small intestine. This will be done with a fiber optic endoscope, which is a flexible lighted tube that directly visualizes the inside of your gastrointestinal tract.

Please remember to arrange a responsible adult to stay with you during your procedure and drive you home. If you do not have a responsible adult your procedure will be cancelled and rescheduled. Please review the preparation schedule below for the days preceding your upper endoscopy. Should you need further assistance please call your physician's office.
