The School for Clinical Laboratory Sciences welcomes applications from all qualified individuals who wish to pursue a career in Medical Laboratory Science. Admission to the program is competitive and meeting the minimum requirements does not guarantee an applicant a place in the program; it places an applicant in the selection process. Qualified applicants are ranked according to cumulative GPA, math/science GPA, three references on CCHS forms, and on-site structured interview. To be considered in the selection process, qualified applicants will be required to indicate the ability to meet the program’s essential functions. The highest-ranking applicants are offered a position in the program. Send the completed application, application fee, sealed official college transcripts and the 3 references in sealed envelopes in one packet if possible to expedite the application process.

Send completed application packet to:

Carolinas College of Health Sciences  
Attn: Admissions  
1200 Blythe Blvd  
Charlotte NC 28203

Application Deadline is the 1st of June. First preference will be given to applications received by the deadline. Applications received after the deadline will be considered on a space available basis. Qualified applicants not admitted to the program may be placed on an alternate list.

Please see the application checklist to ensure you have completed all items needed for admission. The faculty and staff are excited about your interest in our college and in the Medical Laboratory Science program. We wish you luck during the application process. If you have any questions regarding the application process, the program, or the college please feel free to contact any of our admission advisors listed below.
